

English 8 Xmas Project

In groups of 3 - 4, create a presentation on Christmas. It should include the following:

- 1) What is Christmas?
- 2) A story on the “real” Santa and what he is today.
- 3) How is Christmas celebrated in different parts of the world? Pick three.
- 4) What are some Christmas traditions?
- 5) Anything else you think might be fun!!!

You may use any platform you like such as Prezi or even create a webpage. You will be presenting to the class your information so get creative. Remember, presenting is not just about reading out your information from your slides or website.

Also, don't just copy and paste information. Be sure to include the url of the website that you found the information. By the way, Wikipedia is not always the best source of information so . . . you can't use it!!! Find other sources. Look at the example below:

RUDOLPH TURNS 50!

Or at least, the animated version of it is! The show debuted way back in 1964 which is based on a children's story and a song Gene Autry made famous in 1949.

So although the other reindeer make fun of poor Rudolph with his nose so bright, he eventually guides Santa's sleigh and all have a good night.
