

... where everybody
knows your name ...

It's going to be the perfect place! The perfect teen place. Video games? Music? A cappuccino bar? Sushi? A dance floor? All you need now is the right name.

Design the perfect teen hangout complete with illustrations. Make sure you come up with a really cool and catchy name for your place. In writing, describe what your teen entertainment center will offer. Please write neatly in pen or type your work. (Use the spell checker and grammar checker: that's what they're there for!) Then, use your amazing skills as a graphic artist and come up with a diagram of your place.

You will be marked on proper grammar and punctuation along with your creativity and content. Marks will be deducted for late assignments.
