

# IN THE HEAT OF THE NIGHT

You are the up and coming new producer in Hollywood. Sydney Poitier, who plays the original Virgil Tibbs in the movie *In The Heat of the Night*, would like to see a remake of the movie done with new actors. He is willing to finance it!

Create a new [movie poster](#) using modern actors for the following characters: Virgil Tibbs, Chief Bill Gillespie, Sam Wood, Duena Mantoli, and of course, Delores Purdy. Take a look at other movie posters to get an idea for your layout.

You must make sure your name appears on the poster somewhere (producer? director?) and the words “Based on the book by John Ball” and of course the movie title “In the Heat of the Night”.

Make sure you have an illustration or pictures of the actors on your poster. You can draw or use clip art from the internet.
